

Studio Portraits

WELCOME

At DT STUDIOS we take our portraiture very seriously. We believe a portrait should be a work of art, and therefore should present the subject in the most professional and artistic manner. We know how important your portraits are, so we take extra time to do them right.

We have an extremely high standard for our work. Our portraits are not only an important reflection of the subject, it is also a direct reflection of our studio and our name. Your personal satisfaction is guaranteed and our goal and promise is that your portraits from DT Studios will be a cherished keepsake for a lifetime.

HERE'S HOW EASY IT WORKS:

- 1.) Call:** 452-1456 to schedule a date and time for your portrait session.
- 2.) Show up:** at our studio with the clothes you would like to be photographed in, and a \$100 deposit for your photos (no credit cards please).
- 3.) Say Cheese:** Allow approx. 1 hour for the session, depending upon number of outfits etc.
- 4.) Pick your favorites:** Within a day or two your portraits will be available for viewing. That can be done either via our internet site or in person here at DT Studios, which ever you prefer.
- 5.) Place your order:** Once your order has been placed, your photos will be processed and printed. Then we ship them directly to you along with an invoice for the balance of your order.

2.) State of the Art Photography Equipment:

We use the best equipment in the industry. No expense has been spared with our cameras, lenses and lighting equipment. Our customers deserve the best.

3.) Professional Photo Editing:

All customer selected images undergo a very detailed editing process. First the image is cropped (to get the very best composition) and color enhanced. Next we remove all blemishes, stray hair and other undesirable items. We then soften and enhance the skin using a special editing technique that will present you in the best possible way.

4.) Highest Quality, Award Winning Lab work:

We use one of the best labs in the Northeast U.S.A. to print your portraits.

5.) A Selection of Photo Presentation Products:

Some of our customers have requested the option of framing, albums or folios. If you would like your prints framed or presented in a special way, we now have a nice selection of options available to you.

6.) Superior Quality at Very Reasonable Prices:

Because of our low overhead we are able to offer very reasonable prices for our customers. You will not find this level of quality photography at a better price anywhere.

7.) Wonderful Portraits:

We are here to capture an image of you. Your eyes, your face, your personality. We want a portrait of you, as you are at this special time of your life. We use simple backgrounds which bring out your skin tones and compliment your clothing. Any props will be used sparingly, in a way that will not draw attention away from the subject.

8.) Complete Satisfaction:

Our promise to you is this, we will do everything within our power to make certain you are ultimately 100% satisfied with your portraits.

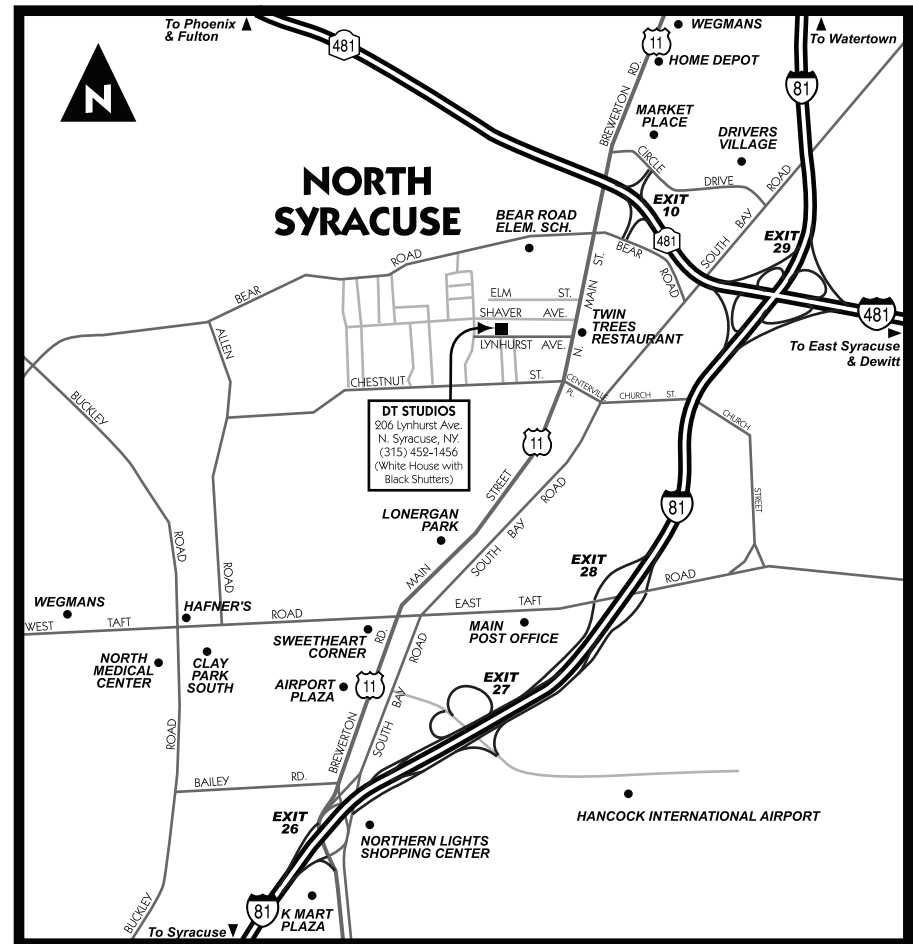

9.) "No Sales tactics or pressure":

We don't use the "hard sell" approach like other studios. No sales pressures or gimmicks. You get exactly what you want, nothing more and nothing less.
